May 2026

Dear Environmental Firm Manager:

ENR magazine is now preparing the 2026 Top 200 Environmental Firms ranking based on participants' 2025 revenue from noted categories of global environmental services. The list and related analysis provide a look at one of the construction industry's most dynamic market sectors. Your company has ranked in the past on the Top 200 or is believed to meet its threshold of about \$25 million in 2025 global environmental services revenue in categories listed.

DEADLINE to complete and submit survey information is JULY 10, 2026.

PLEASE MAKE EVERY EFFORT TO HAVE SURVEY FILING APPROVED TO FILE IT BY THIS DEADLINE.

The information you and industry peers provide will appear in the Top 200 ranking and analysis to be published online and in an October print issue of ENR.

**IMPORTANT NOTE: The ENR Top 200 Environmental Firms ranking is NOT THE SAME as ENR's Top Green 100 Building Design Firms and Top 100 Green Building Contractors lists. They rank firms based on 2025 revenue from projects registered with third party green building or sustainable construction-ratings organizations and are generated by a separate survey. If interested in being ranked on those lists, contact Jon Keller at kellerj@enr.com*
