

- Be sure to save your entry at the bottom of any page if you need more time to gather data by clicking the 'Save' or 'Save and Next' button.
- Once you are ready to submit your entry, please click 'Save' and 'Add to Cart' at the bottom of the final page. **Note that you will still need to press 'checkout' at the bottom of the following screen before you are prompted to enter your credit card information. Entries are not officially entered into the contest until the payment step has been completed.**
- You can complete your submission and/or create additional entry forms for other projects under your login credentials at any time until your region's entry deadline.

Early Bird Deadline: No Entry Fee Through June 14, 2024

Regular Deadline: Aug. 19, 2024

Final Deadline (with late fee): Sept. 6, 2024

SUBMITTER INFORMATION

Please complete all required fields. Required fields are designated with a (*).

Note that ENR acknowledges the main project team firms at the awards event and in print, in addition to the submitting firm.

Date of Groundbreaking

Please enter the month/year project construction began.

Completion Date *

Select month/year of construction completion from the dropdown. Only projects completed between January 1, 2023 and June 31, 2024 are eligible.

Select one option

- January 2022
- February 2022
- March 2022
- April 2022
- May 2022
- June 2022
- July 2022
- August 2022
- September 2022
- October 2022
- November 2022
- December 2022
- January 2023
- February 2023
- March 2023
- April 2023
- May 2023
- June 2023

Project Construction Cost *

Type construction cost in U.S. Dollars and in whole numbers. (Example: 1000000)

Project Cost Confidential?

Check this box if you prefer to keep the project cost confidential. It will be visible during judging, but not for publication.

Select one option

- Yes
- No

Project Cost Notes

Project Category *

Please select a single category from the list below which best fits your project. If more than one category is applicable, choose the one you think your project excels most in.

- Airport/Port (air terminals, runways, shipping)
- Bridge/Tunnel
- Cultural (theaters, museums, libraries, churches, synagogues, mosques)
- Education/Research (university/college, primary schools, dormitories, labs)
- Environmental (remediation, drainage, flood control)
- Government Building (courthouses, embassies, law enforcement, provincial/federal)
- Green Project (certified/seeking certification/registration with a third-party certification entity or equivalent)
- Health Care (hospitals, nursing and other assisted-living facilities)
- Manufacturing (warehouses, manufacturing plants)
- Military (military bases, command headquarters, barracks)

- Office
- Power/Industrial (power plants, transmission lines, refineries, renewables, utilities)
- Rail/Transit (railroads, light rail, switching yards, rail terminals)
- Renovation/Restoration
- Residential/Hospitality (hotels, apartment buildings, high-rise residential. Excludes single-family residences)
- Retail/Mixed-Use Development
- Road/Highway (highways, streets)
- Specialty Construction (mechanical, electrical, steel, masonry, concrete, specialized engineering)
- Sports/Entertainment (stadiums, arenas, recreation, aquatic centers)
- Water/Wastewater (treatment plants, water infrastructure, dams)

Select one option

- Airport/Port
- Bridge/Tunnel
- Cultural/Worship
- Education/Research

- Environmental
 - Government Building
 - Green Project
 - Health Care
 - Manufacturing
 - Military
 - Office
 - Power/Industrial
 - Rail/Transit
 - Renovation/Restoration
 - Residential/Hospitality
 - Residential/Hospitality
 - Retail/Mixed-Use Development
 - Road/Highway
 - Specialty Construction
 - Sports/Entertainment
 - Water/Wastewater
-

Confirmation of No Construction Fatalities *

Any fatality related to the construction by any of the project team members will result in automatic disqualification.

Select one or more options

I verify there were no construction-related fatalities on this project.

For the remaining project team firms, please upload a project team list as a PDF, Excel or Word document listing other key firms that worked on the project. Please include any additional engineers or design consultants (e.g. landscape) and key subcontractors (e.g. electrical, steel, concrete, mechanical). Best Projects honors the entire project team, so this information helps us recognize the team's outstanding work in print and at the awards banquet, as well as to notify the team of the award.

Page: Judging Criteria

JUDGING CRITERIA

Projects will be judged on the information you provide in response to the following questions. Responses should include specific examples of why your project excels in the selected category. For example, if you are submitting in the Cultural category, make sure your responses address your project's impact and importance to the community it serves. To provide the judges with the most compelling information on your project, you should involve the primary project team in crafting your responses, such as contractor, design firm and owner.

1. Project Description

Describe the Project *

Describe the project and how it will be used. While this text does not directly affect the judging, it helps to provide an overview and introduction to the project.

2. Teamwork and Overcoming Challenges

Describe any challenges or issues that the design and construction team faced, managed and overcame. Be specific about the problems and solutions, and describe how teamwork was used to accomplish the project goals. For projects built in the U.S., include information on how geographically diverse was the project team, and how those firms worked together.

Teamwork and Overcoming Challenges *

Project Budget *

Select one option

- This Project Was Completed Below Budget
- This Project Was Completed At Budget
- This Project Was Completed Over Budget

Project Schedule *

Select one option

- This Project Was Completed Ahead of Schedule
- This Project Was Completed On Schedule
- This Project Was Completed Behind Schedule

Project Budget/Schedule Notes

Please add any additional information about the project budget and schedule. If the project was completed below the original budget and/or ahead of original schedule, how was that accomplished? If your project was delivered above the original budget or after the original delivery date, please explain if there were budget/schedule changes approved by the owner, or detail any mitigating circumstances that led to the outcome.

3. Safety

How well did the project team go above and beyond the local and international industry safety requirements on the submitted project? What training/safety programs were implemented to prevent injuries and assure a safe jobsite? How did the incident rates compare to number of worker hours? Were there any extenuating circumstances regarding safety that involved the local climate (political or natural) where the project was built? **Include measurable safety statistics/metrics and results.**

Incident/Injury Rate

Please indicate the incident/injury rate, and how the rate is computed.

Lost Time Accident Rate

Please indicate the rate for accidents that caused workers to lose time at work, and how that rate is computed.

Total Worker Hours on Job *

What were the total worker hours worked on this single project? Enter as a whole number without commas and no text. (Example: 15400) If general contractor, include subcontractor hours whenever possible.

Safety Description *

Include any unique safety programs, extenuating circumstances or additional statistics to show how your team went above and beyond local industry standards to ensure a safe job site.

4. Innovation & Contribution to the Industry/Community

In what ways did this project innovate, or help elevate industry standards locally or internationally? Describe any unusual construction techniques, design elements, materials or new technology used for the benefit of the project and the client. In what other ways did the project benefit the local or global community?

Innovation & Contribution to Community *

5. Construction Quality & Craftsmanship

Describe how the construction team excelled in terms of quality and craft work. How did the contractor and subcontractors exceed expectations and achieve extraordinary results? Special emphasis should be placed on the geographic diversity of the project team, and how this may have affected construction.

Construction Quality & Craftsmanship *

6. Function and Aesthetic Quality of the Design

How well does the design - whether architectural or engineering - fulfill the project's function? Does the project fit within the context of its local surroundings and its intended use? For projects with an international design team, describe how your team communicated with the client and each other to provide the best results for the local end users.

Function and Aesthetic Quality of the Design *

SUPPORTING PHOTOS AND DOCUMENTS

Please upload up to ten photos of the submitted project. **DO NOT SUBMIT RENDERINGS AS PHOTOS.** Photographs can be a mix of completed project photos and progress photos that relate to the category to which you are submitting and that best show the judges the innovation and quality of your project. Photos that depict key aspects of your project narrative work best, with a caption indicating what the judges are seeing. The photo you place in spot #1 will be the first one the judges will see, so we recommend putting your best overall photo there. If you wish to submit schematics, floor plans or renderings, please do so in the 'optional document' field below.

Size limit is 25MB per photo.

Note: Before **and** After photos are required in the Renovation/Restoration category. Do not put the 'before' photo as photo 1 since that's the first photo the judges will see.

Photo 1 Upload Here: *

Please provide a caption along with each photo if possible. Otherwise, enter "N/A".

Recommended - Supporting Document/Schematics

You may upload one supporting document or PDF that is no more than 5 pages. Judges often benefit from an elevation, site plan or other schematic. If that's not available, consider submitting a testimonial letter from the project's owner.

Upload Supporting Document Here:

[File Upload]

-
- Be sure to save your entry if you need more time to gather data. Once you are ready to submit your entry, please click 'Add to Cart' below.
 - **Note that after clicking 'Add to Cart' below, you will still need to press 'checkout' at the bottom of the following screen before you are prompted to enter your credit card information. Entries are not officially entered into the contest until the payment step has been completed.**
 - You can complete any drafts and/or create additional entry forms for other projects under your login credentials at any time until your region's entry deadline.
 - Please take an extra moment to review your responses before submitting. **After checkout, you will be able to review your entry but will not be able to edit it.**
